

RV Rentals, RV Dealers & Service, RV Storage

RV Rental Agencies

Motorhomes come in all sizes and are available from a number of RV rental outlets throughout British Columbia. If you are flying into Vancouver or Calgary you can arrange to be picked up at the airport and transported to the RV depot and then you are off on your vacation. To rent an RV, a valid driver's license, proof of age and a passport maybe required by rental agencies. Vehicles come with automatic transmission, power braking and steering systems. The typical size is 20 ft to 30 ft (6 m to 9.1 m) in length and are much easier to drive than you would think!

RV Dealers and Service

RV Dealers throughout British Columbia not only sell motorhomes, truck campers and trailers but also offer parts departments for most makes of Recreational Vehicles. They also have RV service bays for propane service to electrical safety checks or fixing recreational vehicles.

RV Storage

Store your recreational vehicles in a safe environment when not in use. These businesses offer outdoor RV vehicle storage spaces that are gated, well lit, and with someone on site during office hours.
